List and prices of

DOUBLE AND SINGLE HERBACEOUS PAEONIES

For Fall of 1906 and Spring of 1907

IN addition to this list, I have growing in my grounds many new varieties imported from different parts of the world. They are the latest French and English novelties, and the best of the Japanese varieties. The French Paeonies are by the best known horticulturists, such as Crousse, Calot, Dessert, Lemoine and others. These French hybrids which have flowered in the last four years are very fine, and marvels of beauty. The Japanese Paeonies are both single and double, and more odd in form and color than those of other countries.

My aim is to supply as good Paeonies as there are in the world, and to keep introducing each year the best Continental novelties.

In 1904, the Massachusetts Horticultural Society awarded me First Class Certificates of Merit on Paeony Lady Alexandra Duff, by Kelway; Marguarite Gerard, by Crousse; and Mme. Emile Lemoine, by Lemoine.

In 1905, the same Society awarded me First Class Certificates of Merit on Germain Bigot and Mme. de Treyeran, and Honorable Mention on M. Martin Cahuzac, all by Dessert.

In 1906 the same Society awarded me a first class ctf. on Therese by A. Dessert.

I do not enter any flowers for prizes. There is glory enough for me in having an old and experienced gardner say: "This is the most interesting table in the Exhibition."

The "Horticulture" said of my 1905 table: "The best display—one that has probably never been equalled in any previous shows here—was that of E. J. Shaylor."

The "Florists Review" said of my exhibit in 1906 "E. J. Shaylor's collection of 200 varieties, comprising as it did so many fine novelties was a centre of attraction. Mr. Shaylor has spent a lot of money on Paeonies and has one of the finest collections in the country."
